SUMMER HOLIDAY HOMEWORK

Name - _____

Class - _____

Dear parents,

We should always remind ourselves that "Children will always cherish the time you spend with your little ones."

Summer vacations are an ideal opportunity for you to spend some time with your child and help to develop his/her motor skills and concentration. Keeping this in mind, our teachers have designed fun worksheets for our little kids to revise learnt concepts as well as to engage themselves in meaningful pursuits that will enhance their comprehension and reasoning skills.

Having this mind set we have designed a bunch of productive and fun – filled activities in the holiday homework with an integrated approach of learning.

It is essential to channelize their energy with positive approach and in the right direction. This will foster curiosity, develop creativity, enhance knowledge and instill the joy of learning among them.

Guidelines for the Parents

1. Share stories /incidents of your childhood.
2. Reward your child's efforts even for the smallest one to boost his/ her confidence. Engage them with puzzle games, building blocks and pattern making.
3. Encourage kids to speak small sentences and words in the English language. Allow the child to read age-appropriate story books.
4. Take at least two meals together with your child and explain them the importance of food and hard work of the farmers.
5. Cultivate healthy habits avoiding junk foods to the maximum extent. Never deny or ignore a child's feelings.
6. Refrain from using words that you would not want the child to repeat.
7. Do not ignore the irrelevant behavior.

General Instructions: -

1. The summer vacation is from 15th May 2026 to 1st July 2026.
2. The school will reopen on 2nd July 2026.
3. The hard copies of all the work / activities must be compiled and stored in the folder safely and sent to school on the first day after school reopens.

ENHANCE LISTENING SKILLS

Read a bed time story with your child daily. It will orient your child towards reading books and listening to facts. Apart from that it will bring your child's unique style of self-expression and develop creative communication. After reading or watching, ask questions like:

"Did you like the Story?", "Who was your favorite character?" etc.

PROJECT WORK

Dear Parents,

To encourage creativity and awareness about personal hygiene, students are required to make a small EVS holiday project at home.

 Project Theme: Personal Hygiene Items

 What your child needs to do:

With your guidance, please help your child make clay models of the following items:

* Comb

* Toothbrush

* Toothpaste

* Shampoo bottle

* Hair oil bottle

You may use clay / play dough / air-dry clay. Children can paint and decorate the models once they dry.

 Instructions:

1. Let the child actively participate in making the models.
2. Models should be small, neat and simple.
3. Please place all items on a small cardboard or chart base.
4. Write your child's Name, Class & Section on the base.
5. Send the project on the first day after holidays.

This activity will help children learn about good hygiene habits in a fun and creative way.
