SUMMER HOLIDAY HOMEWORK

NAME - _____

CLASS - _____

Dear Parents

Summer vacation is the finest and most productive season for learning and creativity development. It is a moment when you have numerous opportunities to bond with your child. Some Holiday Homework & Projects are assigned to ensure that the children have a constructive holiday. These will keep the youngsters engaged and observant. Kindly motivate and lend support to your children and make sure they do the assigned job on time and to the best of their abilities. Your encouragement can make a huge difference to the ultimate learning outcome of these projects.

A few things that you can do as a parent to instil values in children are:

- ❖ Inculcate Responsibilities: Help your children to become independent by giving them responsibilities. Involve them in small household activities like- filling the water bottles, dusting, watering plants, cleaning their cupboards, arranging their toys etc.
- ❖ Books our friends: Reading makes children smarter as it keeps the brain active and engaged in a thought process and makes them more knowledgeable. Encourage your children to read books, newspapers to enhance their language skills.
- ❖ Good manners is the key: Inculcate good manners, healthy habits and respect for elders in your children. Ask them to practice magic words - Please, sorry, Excuse Me and Thank You every day. Greet everybody with a smile.
- ❖ Family Bonding: Spend quality time with your children. Take them for outings and have fun together. Spending time in the lap of nature can be very refreshing. It is important for them to be grateful for two of the God's greatest gifts- NATURE and FAMILY. Cultivate sportsmanship by encouraging your children to play various Indoor and Outdoor games. Remember that Summer Vacation is the time to relax and enjoy.

So spend these holidays creating and nurturing a stimulating environment filled with fun, frolic, learning and education.
