SUMMER HOLIDAY HOMEWORK

Name - _____

Class - _____

Dear parents,

We should always remind ourselves that "Children will always cherish the time you spend with your little ones."

Summer vacations are an ideal opportunity for you to spend some time with your child and help to develop his/her motor skills and concentration. Keeping this in mind, our teachers have designed fun worksheets for our little kids to revise learnt concepts as well as to engage themselves in meaningful pursuits that will enhance their comprehension and reasoning skills.

Having this mind set we have designed a bunch of productive and fun – filled activities in the holiday homework with an integrated approach of learning.

It is essential to channelize their energy with positive approach and in the right direction. This will foster curiosity, develop creativity, enhance knowledge and instill the joy of learning among them.

Guidelines for the Parents

1. Share stories /incidents of your childhood.
2. Reward your child's efforts even for the smallest one to boost his/ her confidence. Engage them with puzzle games, building blocks and pattern making.
3. Encourage kids to speak small sentences and words in the English language. Allow the child to read age-appropriate story books.
4. Take at least two meals together with your child and explain them the importance of food and hard work of the farmers.
5. Cultivate healthy habits avoiding junk foods to the maximum extent. Never deny or ignore a child's feelings.
6. Refrain from using words that you would not want the child to repeat.
7. Do not ignore the irrelevant behavior.

General Instructions: -

1. The summer vacation is from 15th May 2026 to 1st July 2026.
2. The school will reopen on 2nd July 2026.
3. The hard copies of all the work / activities must be compiled and stored in the folder safely and sent to school on the first day after school reopens.

ENHANCE LISTENING SKILLS

Read a bed time story with your child daily. It will orient your child towards reading books and listening to facts. Apart from that it will bring your child's unique style of self-expression and develop creative communication. After reading or watching, ask questions like:

"Did you like the Story?", "Who was your favorite character?" etc.

Story Title: The Lion and the Mouse

Once upon a time, a big lion was sleeping under a tree. Suddenly, a little mouse ran over his paw. The lion woke up and caught the mouse with his big paw! "How dare you wake me up!" roared the lion. "I will eat you!" The mouse cried, "Please don't eat me! I am very small, but maybe I can help you someday!" The lion laughed. "Haha! You help me? You are too small!" But he let the mouse go. A few days later, the lion was caught in a hunter's net! He roared loudly, "Help! Help!" The little mouse heard him and ran quickly. With his sharp teeth, he gnawed and gnawed the ropes. Very soon, the lion was free! "Thank you, little friend," said the lion "I see now—even small friends can be big helper.

Story: Riya and Grandpa's Glasses

One morning, Riya saw her grandpa looking everywhere. He was searching for his glasses. Riya giggled and said, "Grandpa, they're on your head!" Grandpa laughed and said, "Thank you, Riya!
